Power Framework PPM2025A SCRATCHPAD Release Note		
Written By: Laura Knowles	**Approved By:** James Butler	**Document Date:** 14/04/2025
Last Modified By: Laura Knowles		**Last Modified Date:** 14/04/2025

1. Introduction

This document describes the changes to be implemented to Power Framework PPM as a single change or multiple changes to be released in the same deployment.

2. Release Version

The following list contains the release versions for this deployment:

NB: These version numbers may be different to those at the time of the original release. See section 8 for this release's version update history.

Component	Version
Power Platform Solutions	
Power Framework – Scratchpad	1.0.3

* Interim solution version numbers in which the listed features were initially developed are outlined per feature in section 5.

3. Release Assessment

The following list contains an overview of the release assessment:

Item	Description
RTM date	14/04/2025
High level features included	Scratchpad: managed spreadsheet feature to allow project managers to try things out before committing within the system
Installation date	Contact your customer success manager to schedule an upgrade to your system to implement these features (Customer.Success@Programframework.com)
Downtime required for deployment	0.5-day downtime as standard during standard working hours (Mon-Fri, 9am-5pm). **NOTE**: For the more complex configurations this may be longer and will need to be determined on a case-by-case basis.
Rollback Plan	Fix forward
Change to be deployed by	To be agreed in partnership with Program Framework / Internal IT
Impacted stakeholders	Users – dependent on security roles
End user impact	Training / config will be required for some new features.
System requirement	None required
